Re: Scott County Library Lease

Date: 9/29/23

Mayor and City Council

The Finance Committee met and discussed the renewal of the library lease. The current lease agreement is \$400/month, which does not cover the cost of the annual insurance premium for the building. The insurance premium for the library for 2023 was \$6,496.

The committee feels that the City should consider a lease agreement that would be net neutral. The recommendation to achieve a net neutral position would be to prepare a lease agreement that would be based on an adjustable rate rent. The lease agreement should be reviewed annually when the insurance renewal premium is set. The premium will be divided by 12 months, at the start of each calendar year, and that will be the lease rate for that year.

The committee also recommends that the term of the lease be 25 years. This will provide stability and security for the Scott County Library operations to continue. The lease should contain a clause to re-open for discussion of terms restricted to deeding of the building and/or property if both parties agree.

City of Eldridge MEMORANDIUM

To: Mayor and Council

From: City Administrator, Nevada Lemke Re: Public Works Department Structure

Date: 10/13/2023

Mayor and City Council

On September 12, 2023, the Personnel Committee discussed the structure of the Public Works and Sewer Department and succession planning for staff and the importance of having a timeline for how long is needed to prepare for transitions through staff retirements. They also discussed the option of getting the Public Works Department back to operating under one umbrella and agreed that consolidating the Public Works Department would be more efficient for the organization.

The committee discussed the need to be prepared for future growth, and to be set up to not overburden staff or departments during staffing transitions or shortages. The group discussed the current staffing level and needs to keep the department, and other departments, fully staffed.

Now is a good time to consider this change, as we prepare to adopt an updated employee handbook and updated policies.

Re: Skid Steer Loader Purchase

Date: 10/13/2023

Mayor and City Council

The Public Works Department would like to sell their current Skid Steer Loader to the City of Donahue for \$35,000. A new Skid Steer Loader was budgeted for FY24 in the Road Use Fund, with the Electric Department contributing \$10,000 to the purchase, and the trade-in value of the old Skid Steer Loader considered, with a total budgeted amount of \$77,000. The new Skid Steer Loader from Bobcat Company is \$75,081.81.

The City of Donahue would like to purchase the City's old Skid Steer Loader at the price of \$35,000 in lieu of the City trading the equipment in for the new equipment. The City would use the proceeds from the equipment sale towards the purchase of the new equipment.

The Public Works Department would like to ask the City Council to consider the approval of the sale of this equipment in lieu of trade.

Thank You.
