MEMORANDIUM

To: Mayor and Council
From: City Administrator, Nevada Lemke
Re: Eldridge PD Lower-Level Remodel
Date: June 3, 2024

Mayor and City Council:

The Eldridge Police Department has obtained two proposals for a remodel of the basement/lower-level of the Police Department. The construction would include a minor interior demolition to remove an existing doorway, remove and dispose of a range hood and electrical connection, and a build out of the existing space to utilize the full lower level more efficiently. The remodel will include the creation/addition of a supply room, office space, hallway, new records room, and a women's locker room.

The remodel will not only provide an opportunity to utilize the full area more efficiently, but it will also improve the current conditions for storing records and supplies and will meet the needs and accommodation requirements for our officers.

The Police Department would also like your consideration to allow them to sell the fitness equipment that is currently located in the lower level, which was donated to them when the City's fitness center closed and use the proceeds from the sale of the equipment towards the remodel of the basement.

The proposals that were received include:

1. Quality Construction Services – in the amount of \$33,852
2. Daxon Construction Company – in the amount of \$29,877 with optional add-on alternates = \$3,155
